Marco Island, February 19,

To: Dr. Paul Nussbaum Neuropsychologist, Executive Director

Marco Island Memory Assessment Center

Dear Dr. Nussbaum,

I am writing to express my deepest gratitude for the exceptional care and expertise you provided during my recent visit to the Marco Island Memory Assessment Center. As patient number 1, I had the privilege of experiencing firsthand the remarkable service you offer to individuals and families facing cognitive challenges. From the moment I walked into your office, I was struck by your genuine interest in my well-being and your compassionate approach to understanding my condition. Your ability to seamlessly administer each test, coupled with your unwavering support, made the entire assessment process not only manageable but also enlightening.

As someone who has suffered a traumatic brain injury, my husband and I noticed a decline in my short-term memory. Your assessment was not only spot on but also provided invaluable insights that I will be able to utilize in future discussions with my neurologist. Your thoroughness and attention to detail have given me a sense of clarity and direction moving forward.

I cannot emphasize enough the importance of the services you provide at the Marco Island Memory Assessment Center. For individuals and families grappling with memory-related issues, your program serves as a beacon of hope and support. I wholeheartedly encourage others to take advantage of this invaluable resource if they notice any decline in their memory or that of their loved ones.

Beyond your exceptional clinical skills, what truly sets you apart is your profound compassion and empathy. Your dedication to improving the lives of those affected by cognitive challenges is evident in everything you do. Marco Island is truly fortunate to have someone of your caliber leading the charge in the fight against dementia.

Once again, thank you, Dr. Nussbaum, for your unwavering commitment to your patients and for making a meaningful difference in the lives of so many. Your kindness, expertise, and compassion have left an indelible mark on me, and I am immensely grateful for the care I received under your guidance.

With heartfelt appreciation,

Maria Victoria Delgado, Ph.D.
